I am also confused with what was said in the e-mail. The punch list items which I believe all but one item was due to other contractors or cars and equipment that was not moved when our crew was there. I guess I need to know how many trips the punch list will take. I planned on only making one trip to do the punch list items. So the e-mail is making me quite nervous. I would like to know when the areas will be cleared for us to do the work. Also someone from your company will be there to make sure we get all the items done exactly the way you want it done so there is no coming back, please. I am also planning to be there to make sure the work is complete. Let me know where we stand.

Subject: WCAA Access Parking Punchlist Completion
Importance: High

Attached is a summary of what needs to be done per trade in order to complete the punchlist which is also attached for convenience.

Royal: We will advise on a start date shortly.

Hart: If you get a rain day and want to get some of these items done, please contact Randy at (734) 645-5135 to schedule.

Spectrum: Once Royal & Hart are complete we will advise on your start date.
