The extra work is being tracked and will be co'd to Al's paving using the contractual lnft cost. Temp striping in green lot is not an extra. Contractually Al's is responsible to provide and remove temp striping as required. Take up your contract issue with Al's…you do not work direct for W3.

I forwarded BOTH OF your e-mails to Carrie. I am assuming it will be fine for Friday.

In another matter. The guys have been telling me there have been a lot of extra work they have been doing in the decks. I would appreciate how we will be paid for the extras and are you keeping track? Thanks.
